Signed by (Kontrollrådet)

Guidelines

We kindly ask you to study Kontrollrådet's "Administrative Provisions for Certifications activities" before the Application Form is filled in.

The first page of this application has to be signed by the Managing Director, thus making this an agreement between the Company and the Kontrollrådet. Such a signature will commit the company to comply with the requirements stated in the Kontrollrådet's "Administrative provisions for Certifications activities".

On receipt of the application the first page will be signed by the Kontrollrådet and returned to the applier, thus committing the Kontrollrådet to perform the certification process in accordance with the "Administrative Provisions for Certifications activities".

The Company should in the Application Form also name a person who is given the necessary responsibility and authority to represent the Company towards the Kontrollrådet in all certification issues (see the Administrative Provisions, clause 5.1).

The Application Form and enclosures will be reviewed by the Kontrollrådet's administration. If the application is considered insufficient we will contact you in order to obtain correct information. When all issues concerning the application are resolved, an initial audit will be performed.

If you have any further questions regarding our Certification Scheme or the Application Form, please contact us.

For further information, please see www.kontrollbetong.no .
